Foundation: 1878 Gablonz - Since 1948: Kaufbeuren / Bavaria

After the expulsion from Czechoslovakia we settled down in Neugablonz nearby Kaufbeuren/ Allgäu/Germany where we produce custom jewellery and technical parts since 50 years. Basic Material: mainly TOMBAC (85% copper-base)

A team of very good co-workers, which have a high qualification, are anxiously keeping the high standard of quality and short times of delivery.

We are always at hand!
Tell us your requests!

We are manufacturers of raw metal bases, such as settings and SEW-ON settings for nearly all SWAROVSKI stones, fantasy cup chains and necklaces with flowers and leaves, stampings for simili, filigrees, metal frames for glass- and plastic-stones of different shapes, ear-, bracelet-, ring-systems and so on. Caps for Christmas Balls, also according to customer desire and strictly reserved !

We are producer of ready made fashion jewellery such as: scarfclips, brooches, pendants, crosses, earclips, frames for hobby trade, cold enamelled fingerings, bracelets and so forth.

Own tool-construction - and own engraving department.
